Q—Export approved with quota.

—Export approved.

—Export not approved.

*—Export for 1994–95 approved administratively.

(b) Condition on export: Each pelt must be clearly identified as to species, State of origin and season of taking by a permanently attached, serially numbered tag of a type approved by the Service and attached under conditions established by the Service. Exception to tagging requirement: finished furs and fully manufactured fur products may be exported from the United States when the State export tags, removed from the pelts used to manufacture the product being exported, are surrendered to the Service before export. Such tags must be removed by cutting the tag straps on the female side next to the locking socket of the tag, so that the locking socket and locking tip remain joined.
